

Wandsworth Music has an excellent stock of high-quality musical instruments, available to hire, to help ensure that pupils have access to an instrument.

We accept that some wear and tear is inevitable, and in most cases will bear the cost of minor repair work. In cases of serious damage or loss, a contribution up to the full cost of the instrument, towards repairs/ replacement will be requested.

The list below details values of our resources, should a hirer choose to insure an instrument. It is the responsibility of the hirer to ensure that any instrument borrowed from us is fully insured against loss and damage.

For higher value instruments we recommend that the hirer insure the instrument for the full value against loss and damage (Please check with your home insurance as this may already be covered).

NB. Not all resources listed are available for hire
